

STRAWTEC Group AG took over ECOSYSTEM Baustoffe Ltd. & Co. KG

The assumption of ECOSYSTEM Baustoffe Ltd & Co KG (specialized in the distribution of Green Building materials), is a strategically important step for a successful business distribution in Europe.

With the assumption the ECOSYSTEM Baustoffe Ltd & Co KG has changed its company name: STRAWTEC Building Solutions Ltd & Co KG.

The task of the company within the group is primarily the European-wide marketing and the selling of the STRAWTEC product lines.

For existing customers and business partners of the former ECOSYSTEM Baustoffe Ltd & Co KG do not arise changes as a result of the assumption.

The administrative seats of the STRAWTEC Group AG and the STRAWTEC Building Solutions Ltd & Co KG were moved into a common office in Berlin.
